Winther CX

DANISH CRAFTSMANSHIP SINCE 1932

At Winther Bikes we ensure safe, comfortable and durable transportation for families around the world. All Winther cargo bikes are built by hand at our premises in Denmark. Each bike is delivered 100% assembled and taken for a test ride before dispatch to gain the highest level of inspection and quality control. We use carefully selected components so that you will have a cargo bike with a long lifespan and a minimum of maintenance.

ACCESSORIZE IT

Do you need a baby seat? Toddler seat cushion, storage pockets in the cabin, a rain cover or insect net? If so, go online and check out all accessories on visit wintherbikes.com

Take Your Business Anywhere

If moving from A to B is an important part of your day-to-day routine in the city center, Winther CX is your efficient mobility solution that will produce significant time and cost savings for your business. You will never again be bothered by accessibility problems in the city centre, or by parking - with a Winther CX you can ride right up to the door of your destination. And as an added bonus, you can enjoy saving money on parking, insurance costs and maintenance.

SPACIOUS BOX

The powder-coated aluminum box offers a capacity of 330 litres, and the two gas springs make it easy to access the box even with your hands full.

ANTI-THEFT

Each bike has its own unique and visible frame number.

winther®

AGILITY, STRENGTH AND STABILITY

Winther CX combines great load capacity with the agility of an e-cargo bike creating an urban and durable transportation solution for your business. Winther CX comes with a three-wheel base, hydraulic disc brakes, a solid base plate in the box, two gas dampers and a unique lockable lid.
